#### OUR VISION

To compete with the world players and facilitate the Indian housing and commercial needs in the arena of architectural hardware products along with a complete range of fittings solutions, by 2017 so as to be a most reliable player and facilitator for architectural hardware needs in India and across the globe.

#### OUR MISSION

A door without the precise hardware is merely a piece of wood. The necessary door closers, handles, locks & accessories, when installed, provide the proper functionality of assembly, operation, security & handiness to a door.

To be a partner of choice in architectural hardware products & fittings for every selected area in residential & commercial projects so as to be a major partner in the development of our clients across the globe.
